**MCAG #0718**

**Cash Notes to the Financial Statements**  
**For the Year Ended December 31, 2014**

*The accompanying notes are integral to the financial statements*

**Note 1 - Summary of Significant Accounting Policies**

The City of Millwood was incorporated in 1928 and operates under the laws of the state of Washington applicable to a Non-charter Code City. The City is a general purpose government and provides public safety, street improvement, parks and recreation, general administrative services, and a city owned water & sewer utility.

The City of Millwood reports financial activity in accordance with the *Cash Basis Budgeting, Accounting and Reporting System (BARS)* Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed, but are not included in the financial statements.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The *Schedule of Liabilities* is required to be presented with the financial statements as supplementary information.
- Supplementary information required by GAAP is not presented.
- Ending balances are not presented using the classifications defined in GAAP.

A. Fund Accounting

Financial transactions of the government are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprises its cash and investments, revenues and expenditures. The government's resources are allocated to and accounted for in individual funds depending on their intended purpose. Each fund is reported as a separate column in the financial statements. The following fund types are used:

**GOVERNMENTAL FUND TYPES:**

General Fund

This fund is the primary operating fund of the government. It accounts for all financial resources except those required or elected to be accounted for in another fund.

Special Revenue Funds

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the government.

Debt Service Funds

These funds account for the financial resources that are restricted, committed, or assigned to expenditures for principal, interest and related costs on general long-term debt.

Capital Projects Funds

These funds account for financial resources which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

PROPRIETARY FUND TYPES:

Enterprise Funds

These funds account for operations that provide goods or services to the general public and are supported primarily through user charges.

B. Basis of Accounting and Measurement Focus

Financial statements are prepared using the cash basis of accounting and measurement focus. Revenues are recognized when cash is received and expenditures are recognized when paid.

In accordance with state law the City also recognizes expenditures paid during twenty days after the close of the fiscal year for claims incurred during the previous period.

C. Budgets

The City adopts annual appropriated budgets for all funds. These budgets are appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Annual appropriations for these funds lapse at the fiscal year end.

Annual appropriated budgets are adopted on the same basis of accounting as used for financial reporting.

The appropriated and actual expenditures for the legally adopted budgets were as follows:

Fund/Department	Final Appropriated Amounts	Actual Expenses	Variance
001 - General Fund	\$ 762,355	\$ 676,110	\$ 86,245
101 - Street Fund	\$ 619,425	\$ 514,226	\$ 105,199
201 - LTGO Bond Fund	\$ 74,875	\$ 74,872	\$ 3
204 - GO Note Bond Fund	\$ 76,135	\$ 76,132	\$ 3
Utility Fund	1,147,105	912,063	235,042

401 - Utility Fund	\$ 1,322,385	\$ 1,087,339	\$ 235,046

Budgeted amounts are authorized to be transferred between departments within any fund or object classes within departments; however, any revisions that alter the total expenditures of a fund, or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the City's legislative body.

D. Cash and Investments

See Note 3, *Deposits and Investments*.

E. Capital Assets

Capital assets are assets with an initial individual cost of more than \$5000 and an estimated useful life in excess of 1 year. Capital assets and inventory are recorded as capital expenditures when purchased.

F. Compensated Absences

Vacation leave is accrued monthly and is based upon years of service and hours worked or per contract or specific individuals. Benefit years are based upon hire date. The following table shows the amount earned per years of service.

<b>Years of Service</b>	<b>Vacation Earned</b>
Less than five	Ten days
Five through nine	Fifteen days
Ten through fourteen	Twenty days
Fifteen or more	Twenty-five days

Employees must use half of what they have received during the year. Rollover of unused vacation time is only allowed with the Mayor's approval. Accumulated vacation is paid at a 1:1 ratio.

Sick leave may be accumulated up to 720 hours and accrues at 8 hours per month. Upon separation or retirement employees do not receive payment for unused sick leave.

Payments are recognized as expenditures when paid.

G. Long-Term Debt

See Note 4, *Debt Service Requirements*.

H. Other Financing Sources or Uses

The government's *Other Financing Sources* consist of capital contributions to the water and sewer utility systems for new connections, payments from other governments for expenditures made by the City, and insurance recoveries. The governments *Other Financing Uses* consist of refunds for overpayments by customers or employees.

## I. Risk Management

The City of Millwood is a member of the Washington Cities Insurance Authority (WCIA).

Utilizing Chapter 48.62 RCW (self-insurance regulation) and Chapter 39.34 RCW (Interlocal Cooperation Act), nine cities originally formed WCIA on January 1, 1981. WCIA was created for the purpose of providing a pooling mechanism for jointly purchasing insurance, jointly self-insuring, and / or jointly contracting for risk management services. WCIA has a total of 175 Members.

New members initially contract for a three-year term, and thereafter automatically renew on an annual basis. A one-year withdrawal notice is required before membership can be terminated. Termination does not relieve a former member from its unresolved loss history incurred during membership.

Liability coverage is written on an occurrence basis, without deductibles. Coverage includes general, automobile, police, public officials' errors or omissions, stop gap, and employee benefits liability. Limits are \$4 million per occurrence self-insured layer, and \$16 million per occurrence in the re-insured excess layer. The excess layer is insured by the purchase of reinsurance and insurance and is subject to aggregate limits. Total limits are \$20 million per occurrence subject to aggregate sublimits in the excess layers. The Board of Directors determines the limits and terms of coverage annually.

Insurance coverage for property, automobile physical damage, fidelity, inland marine, and boiler and machinery are purchased on a group basis. Various deductibles apply by type of coverage. Property insurance and auto physical damage are self-funded from the members' deductible to \$750,000, for all perils other than flood and earthquake, and insured above that amount by the purchase of insurance.

In-house services include risk management consultation, loss control field services, claims and litigation administration, and loss analyses. WCIA contracts for the claims investigation consultants for personnel issues and land use problems, insurance brokerage, and lobbyist services.

WCIA is fully funded by its members, who make annual assessments on a prospectively rated basis, as determined by an outside, independent actuary. The assessment covers loss, loss adjustment, and administrative expenses. As outlined in the interlocal, WCIA retains the right to additionally assess the membership for any funding shortfall.

An investment committee, using investment brokers, produces additional revenue by investment of WCIA's assets in financial instruments which comply with all State guidelines.

A Board of Directors governs WCIA, which is comprised of one designated representative from each member. The Board elects an Executive Committee and appoints a Treasurer to provide general policy direction for the organization. The WCIA Executive Director reports to the Executive Committee and is responsible for conducting the day to day operations of WCIA.

## J. Reserved Portion of Ending Cash and Investments

Beginning and Ending Cash and Investments is reported as reserved when it is subject to restrictions on use imposed by external parties or due to internal commitments established by the City of Millwood's City Council. When expenditures that meet restrictions are incurred, the City intends to use reserved resources first before using unreserved amounts.

Reservations of Ending Cash and Investments consist of:

Fund Name	Amount Reserved	Reason for Restriction
101	\$ 568,094	51.43% Restricted Use Current Revenues - Grant and MVFT
201	\$ 1,477	Property Taxes restricted for Bond repayment
204	\$ 12	Property Taxes restricted for Bond repayment
301	\$ 24,068	100% Restricted Use Current Revenues - REET 1
302	\$ 26,068	100% Restricted Use Current Revenues - REET 2
401	\$ 86,757	Restricted by Bond Covenants
401	\$ 1,735	Restricted by Bond Covenants

### **Note 2 - Property Tax**

The county treasurer acts as an agent to collect property tax levied in the county for all taxing authorities. Collections are distributed (at/after) the end of each month.

Property tax revenues are recognized when cash is received by the City. Delinquent taxes are considered fully collectible because a lien affixes to the property after tax is levied.

The City's regular levy for the year 2014 was \$1.600265634 per \$1,000 on an assessed valuation of \$223,607,166 for a total regular levy of \$357,830.86.

### **Note 3 – Deposits and Investments**

It is the City's policy to invest all temporary cash surpluses. The interest on these investments is prorated to the various funds.

All deposits and certificates of deposit are covered by the Federal Deposit Insurance Corporation and/or the Washington Public Deposit Protection Commission. All investments are insured, registered or held by the City or its agent in the government's name.

Money Market investments are reported at fair market value; Certificates of Deposit are reported at cost.

Investments by type at December 31, 2015 are as follows:

Type of Investment	District's own investments	Investments held by the District as an agent for other local governments, individuals or private organizations.	Total
Money Market	\$ 504,294		\$ 504,294
Certificate of Deposit	\$ 1,508,564		\$ 1,508,564
<b>Total</b>	<b>\$ 2,012,857</b>		<b>\$ 2,012,857</b>

#### **Note 4 – Debt Service Requirements**

The accompanying Schedule of Liabilities (09) provides more details of the outstanding debt and liabilities of the City and summarizes the City's debt transactions for year ended December 31, 2015.

The debt service requirements for general obligation bonds and revenue bonds, including both principle and interest, are as follows:

#### **Note 5 - Pension Plans**

Substantially all the City's full-time and qualifying part-time employees participate in the PERS 2 plan, administered by the Washington State Department of Retirement Systems, under cost-sharing multiple-employer public employee defined benefit and defined contribution retirement plans. Actuarial information is on a system-wide basis and is not considered pertinent to the City's financial statements. Contributions to the systems by both employee and employer are based upon gross wages covered by plan benefits.

Historical trend or other information regarding each plan is presented in the Washington State Department of Retirement Systems annual financial report. A copy of this report may be obtained by writing to:

Neither party may withdraw from the agreement during this period.
